However, for Erasmus students, courses can also be offered on a tutorial basis in one of the main European languages and the examinations have the form of essay writing or written exams. There are also practical courses found in Departments such as the Music Dept, Audiovisual Dept. etc.

Extra courses (accredited with ECTS) are offered especially for Incoming Erasmus students in an interdepartmental level.

- **First Language** of instruction and examination: **Greek**

Recommended level: B1

Certification is not required but sufficient knowledge would be considered an important element for the smooth integration to life in Corfu and to the University lectures' participation.

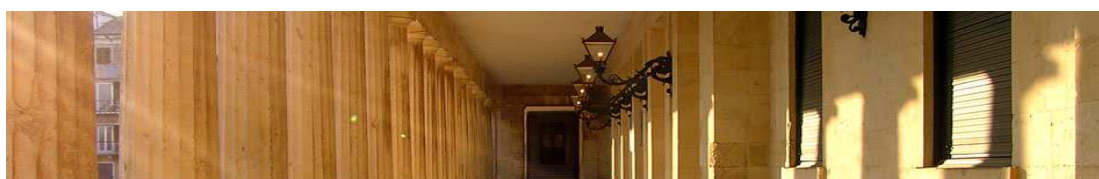

The Ionian University offers **Greek Language Course for Erasmus students** during the academic year (October- June), free of charge, accredited with six (6) ECTS per semester.

- **Second Language: English**

Required level: B1

Regarding the B1 English level, students can be admitted after having proved the knowledge with a language certificate, a support letter proving the required language level or a certificate issued by the home University or language centers.
