"Jazz musicians constantly look for an ideal group to work with. A group where characters, abilities, tastes and ambitions match. Then they need the right kind of music. The kind that challenges but also inspires everyone. The kind that brings the best out of the group to bring the best out of the music. When all that happens there is very little to ask for. Then the group can just work effortlessly and finish a recording like this one in a day and a half. Inspired? Yes, but that is no accident. And that is no easy task. Stefanos Andreadis is that kind of musician. He can put together the group that sounds perfect for his music and his music is just right for the group: evocative, subtle, challenging, rhythms with character, melodies with simple but welcome twists. And above all there is the distinct scent of a Mediterranean landscape that permeates every turn of the music. Hopefully you will be able to share that by just listening."

(Dimos Dimitriadis)

"Personal vision is, in my opinion, the most important asset for any creative artist. The vision he has for his work and the vision he communicates to people through that work. Stefanos, whom I have known for over 20 years, is one of those dedicated musicians and composers with a very personal vision. His music that is captured here on this recording is so rich in emotion, colors and dynamics that all that is needed is to let yourself be carried away. This is a special view on how it is possible to express yourself through your work carved by a discrete visionary."

(George Kontrafouris)

Special thanks to my dearest friends and colleagues (at the Ionian University, Music Department, Jazz Studies) Dimos, George and Alex who made this recording possible. They were a great inspiration for me. I would like to thank a little more George Kontrafouris and Dimos Dimitriadis for being such great supporters of my work and for their kind words regarding this CD. My deepest gratitude and love to my wife Dimitra, my children (Petros, Adrianos, Niki, Timon, Lucia) and to all the musicians who have helped me along the way.
